

# Dual Enrollment in California

CLP

Career  
Ladders  
Project

## Challenges & Bright Spots

March 26, 2018

**Naomi Castro**  
Director

## OUR WORK

The Career Ladders Project works in partnership with California Community Colleges state-wide to provide educational and career advancement opportunities for Californians. We foster these opportunities through research, policy initiatives and strategic assistance to colleges and their workforce development partners.

## OUR STORIES

BRIDGE TO BIOTECH PROGRAM

**Career Ladders Project** fosters educational and career advancement through **research, policy** initiatives and **direct assistance** to community colleges and their partners.

# OBJECTIVES

- Survey & Case Studies
- Common Barriers & Bright Spots
- Updates

# Survey

- Reached out to 114 Colleges
- Phone interviews with 48
- Case study site visits with three colleges and high school partnerships
- Detailed phone interviews with an additional two colleges

# Common Challenges

- What do you think the most common dual enrollment challenges are across the state?
- Talk with your neighbor and come up with a list. Be ready to share.

# Common Challenges

- Enrollment process
- Capacity
- Underserved Youth
- Accurate data collection
- Integration

# Common Challenges

- Enrollment process
  - CCC Apply
  - The "form"
  - Hand enrollment
- Bright spots
  - Online enrollment in classes – worry about the "form" after – ELAC
  - Outside software for secure electronic signatures

# Common Challenges

- Capacity
  - Program staff
  - Instructors
  - A&R
- Bright spots
  - Dean and directors for dual enrollment
  - Bakersfield has a program manager and assistant, looking ad another manager – over 3k students served
  - Making the case

# Common Challenges

- Underserved Youth

- Majority of HS students coming to campus on their own and taking GEs
- This suggests access to college resources and/or knowledge

- Bright spots

- Community, college and HS changing preconceptions about which students are college bound – ELAC using DE as community engagement strategy including community ed and adult ed courses

# Common Challenges

- Accurate Data Collection
  - Non-apportionment generating classes don't get “counted” in CCCCO MIS
- Bright spots
  - Survey ironically helped some colleges find inconsistencies in their system

# San Joaquin Delta College

- Rural and Urban
- Slowly but steadily expanding
- IT support at colleges
  - SJD sends their IT support staff to work with HS IT staff

# Reedley College

- Rural
- Has a middle college on campus
- Greatly expanded DE
- Partnership for just in time tutoring
- Flagging DE students for outcome data
- Professional development and mentorship
- Partnership w Agricultural co

# East Los Angeles College

- During recession did not cut back DE dramatically
- DE is part of larger community engagement strategy
- Strong partnerships w multiple school districts
- Reworking enrollment process

# Updates

- 5% summer enrollment cap lifted for CCAP
- Non-resident HS students treated like regular HS students
- Adult Ed not eligible for DE – still getting clarification
- Upcoming legislation
