2006-2007 School Year Licensing Fee Schedule

This curriculum resource is only available to schools currently using the *Career Choices* materials in the classroom. To qualify a school must (1) have a largest historical order of at least \$500 and (2) have ordered at least \$200 in the preceding 12 months.

After reviewing your school's ordering history, your school is placed in a specific fee schedule category based on your largest order (stocking order). The categories are defined as follows:

| | |
|-------------------|---|
| Category A | \$500 - \$749 |
| Category B | \$750 - \$1,249 |
| Category C | \$1,250 - \$1,999 |
| Category D | \$2,000 or more |
| Category E | All schools ordering <i>Career Choices</i> materials from another source |

Your licensing fee for the year is based on your largest order. Subsequent orders (annual orders) are then used to determine the licensing fee for later years. Therefore locate the amount of your largest order (or projected order, and then review the sliding scale below.) If you have any questions call, (800) 967-8016.
